- 5x Cable Ties**
- 1 x User Manual**

Assembly Instructions

- 1 Using a ladder, hold the misting head in place at the top of an enclosure pole. Rotate the misting head so that it is facing the center of the trampoline and secure it in place with a zip-tie.
- 2 Continue down the enclosure pole, attaching the misting tube with the remaining zip-ties at the locations indicated by the arrows on the diagram left.
- 3 Connect a standard garden hose and slowly turn on water.
